P: (907) 761-4031 || F: (907) 761-4091

**Special Instructions:** Please refer to Board Policy 6190 and the District's Safety and Security Infrastructure Standards definition, dated February 1, 2017. Complete and submit this form to describe how your school intends to meet the defined safety and security requirement by employing an alternate standard than the one currently defined in the District standards definition. Your request will then be reviewed by administration and a follow-up visit will be scheduled with you to discuss and review the request. One form should be completed for each safety and security item.
